

Making AI Simple

Build Systems.

Save Time. Grow

Faster.

Discover AI. Apply it. Stay Ahead.

Let's Be Honest About AI

In the last 30 days, what have you actually used AI for?

- ☐ Nothing yet
- ☐ Just searched or played with it
- ☐ Wrote a message or email
- ☐ Made content or ideas
- ☐ Solved a real business problem

Today we move from **trying AI** to **applying AI**.

THE MENTAL MODEL

Think of AI as a Genius Kid

Very Smart

Very Fast

Very Helpful

Every new chat = memory reset. Don't just ask — **first give context.**

Don't Start Every Chat From Zero

ChatGPT can understand your style, work, and goals — **but only if you set it up.**

Custom Instructions

Tell ChatGPT who you are, what you do, and how you want answers.

Personalization

Let it adapt to your working style, tone, and repeated needs.

Train ChatGPT once. Get better answers every time.

Let Me Show You How I Use It

Custom Instructions

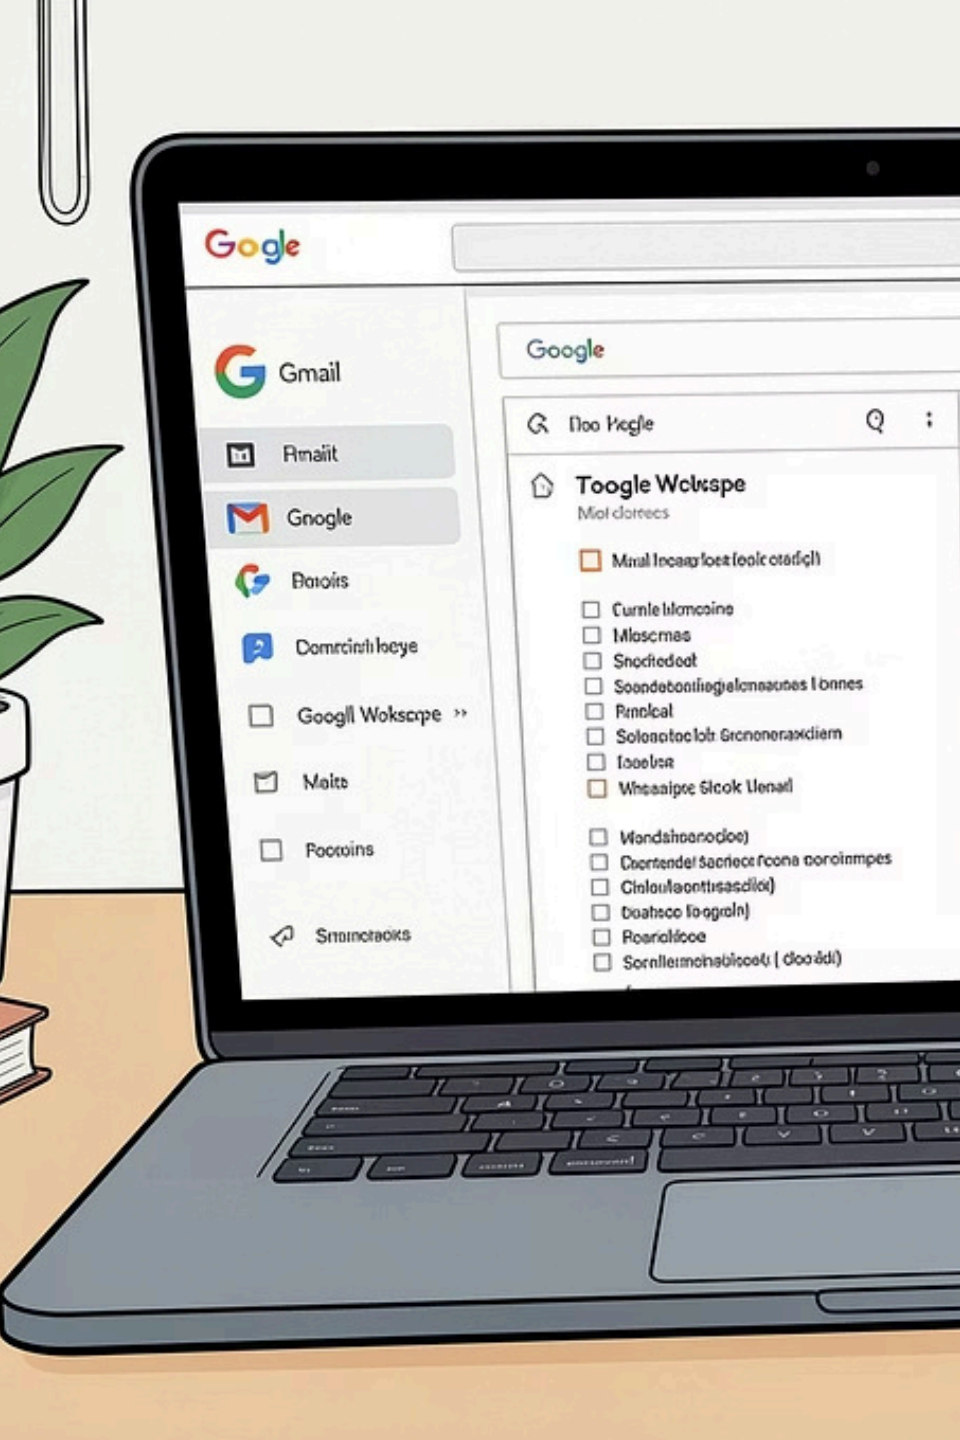

My personal setup — who I am, how I work, what I need.

Daily Menu System

Thinking, planning, writing, and business clarity — on demand.

Work Faster

How AI cuts hours from my weekly workflow.

LIVE DEMO 3

Let's Make This Personal

I need one volunteer from the room.

- Tell me your business
- Tell me what you're working on
- Watch AI work with it – live

Possible outputs: offer improvement, customer message, marketing direction, content plan, landing page structure.

Where Can AI Save Your Time This Week?

Think of **one real task** in your business. I'll ask a few of you to share directly.

Writing & Communication

Emails, proposals, messages

Marketing & Content

Posts, plans, landing pages

Strategy & Planning

Ideas, offers, clarity

Research & Learning

Summaries, insights, answers

Q&A

Let's solve your questions live.

No question is too basic. If you're wondering it, someone else is too.

Practical answers only — no jargon, no theory. Just what works.

Thank You
